

Spark Your Child's Interest in Learning!

Children's natural curiosity leads to their exploration of science concepts and extends to social studies, language and other disciplines. The opportunity to experience and learn about wildlife helps children develop an understanding of the world around them and a healthy respect for it. Nonie's Ark presentations are ideal for any public or private events for children and adults.

We're Wild About Nonie's Ark

Your fun-loving and knowledgeable attitude, not to mention your animals and bugs, far exceeded our expectations! We grin from ear to ear every time we watch the video. I know Michael will remember this experience the rest of his life! Thanks for creating such a wonderful time for us, and keep up the good work!

MEET NONIE, THE EDUTAINER

Hello, I'm Nonie, and I am an edutainer, part educator and part entertainer. I have an extensive background in Zoo Animal Technology and Wildlife Education, and my fondest joy is helping children learn about wildlife in a fun, adventurous way. My dream is to have a zoo of my own. I created Nonie's Ark as a first step in fulfilling that dream and sharing my love and knowledge of animals with others.
